

MOTORCADE TO BRING 79 HERE

A Total of 29 Autos Leave Douglas, Ariz., on Trade Jaunt to El Paso.

Twenty-nine automobiles, carrying 59 persons, left Douglas, Ariz., at 8 o'clock Thursday morning on the Arizona motorcade to El Paso, while two cars left this city to go to Deming to meet the visitors and escort them into the city. The motorcade will arrive at Deming, according to the schedule, about 6 o'clock this afternoon and the 29 autos hope to arrive there shortly before that hour so that they may extend greetings to the tourists when they arrive.

Included in the motorcade are 29 cars, carrying 59 persons, from Bisbee and the west. This section is headed by John J. Bowen, president of the Warren district commercial club. The Bisbee section left at 7 o'clock. They arrived at Douglas shortly before 6 o'clock and were joined by seven cars with 25 persons in charge of J. T. Hood, president of the Douglas chamber of commerce and Oakland distributor at that point.

Two cars from Tombstone, Ariz., carrying eight persons, joined the motorcade at Douglas, having left Tombstone at 6 o'clock.

Lamar Cobb, state engineer of Arizona, was to be picked up at Douglas, according to advices received by the chamber of commerce during the morning, and engineer J. A. French, of New Mexico, is expected to join the party at Deming.

H. H. Rinehart of the El Paso Automobile club, and H. B. Stevens left

"The Boy Scout" FIFTH OF THE NEW STORIES

By RICHARD HARDING DAVIS

The Story of a Boy and His Self Denial, Which Leads to Many Other Self Denials and Much Happiness for Many People Little Dreamed of in the Beginning.

(Continued From Yesterday.)

THAT night, over on Long Island, Carroll told his wife all, or nearly all. He did not tell her about the automatic pistol. And together on tip-toe they crept to the nursery and looked down at their sleeping children. When she rose from her knees the mother said: "But how can I thank him?"

By "him" she meant the Young Man of Wall street.

"You never can thank him," said Carroll: "that's the worst of it."

But after a long silence the mother said: "I will send him a photograph of the children. Do you think he will understand?"

Down at Seabright, Hastings and his wife walked in the sunken garden. The moon was so bright that the roses still held their color.

"I would like to thank him," said the young wife. She meant the Young Man of Wall street. "But for him we would have lost this."

Her eyes caressed the garden, the fruit trees, the house with wide, hospitable verandas. "Tomorrow I will send him some of these roses," said the young wife. "Will he understand that they mean our home?"

At a scandalously late hour, in a scandalous spirit of independence, "Champ" Thorne and Barbara were driving around Central Park in a taxicab.

"How strangely the Lord moves, his wonders to perform," misquoted Barbara. "Had not the Young Man of Wall Street saved Mr. Hastings, Mr. Hastings could not have raised your

for Deming in Mr. Rinehart's Velje, while M. L. Burkhead took a Haynes to meet the party at Deming.

Tonight will be spent at Deming and the trip to El Paso will be resumed early on Friday morning. It is expected that the motorcade will arrive here about noon and plans are being made for a number of motorists to meet the tourists outside the city, Friday afternoon and part of Saturday will be spent here and the trip home started on Saturday afternoon.

The Bisbee Ore gives the following list of early reservations from that city, as follows:

John J. Bowen, president of the commercial club; Jesse Yoakum, Dr. Ralph Hyndeen, P. M. Buckwalter of the Miners' and Merchants' bank, Phelps Dodge Mercantile company, J. C. Ryan, county engineer J. E. Brophy, Harry Hanninger, Matt Wartenberg of Johnson market, Fred W. Ritter of the Lowell Drug company, Andy Johnson, J. I. Brooks, William Hanson, John Treu of Treu's market, R. L. Smith of Suxton & Smith, Harwell Nowell of Warren ranch, and Joe Walker of the Stuck company.

EL PASO BOYS AND GIRLS HONORED AT THE UNIVERSITY

Austin, Texas, Jan. 12.—Among those students from El Paso at the Texas university whose honors are a matter of record during the fall term just closed may be mentioned Luckett Cochran, a sophomore law student, a member of the Glee club. This club contains the best singers in the university. Miss Dena Fleck, a freshman this year, is a member of the Winesap club. She represented the first year that women have been admitted to this club, which has for its purpose the giving of several plays during the term. Frank Lyons, a law student, is president of the Students' council, which is the governing body of the students' self-government organization. He represented the senior laws on the program at the great law department banquet held December 2, which was attended by lawyers from all over the state. He is also vice president of Delta Sigma Rho, an honorary oratorical fraternity. Mr. Lyons holds a student assistantship in public speaking, which is granted only to students of marked ability and carries with it a small monthly stipend. Newton Tidwell, a freshman law student, is a reporter on the Texas staff. The Texas was the first college daily to be issued in the south, and a badge on the staff is secured only after a tryout and demonstrated ability. Rupert W. Gillette, a sophomore at the university this year, is vice president of the National Literary society, which, as its name implies, is for the purpose of promoting the literary talents of its members.

GOVERNOR OF CHINESE PROVINCE ASSASSINATED

San Francisco, Calif., Jan. 12.—Luk Wing Ting, governor of the province of Kwangsi, China, has been assassinated, according to a cablegram from China received by the Chinese Republic association from Shanghai.

Luk Wing Ting was killed, it was said, by a bomb placed in his palace at Nan-Ning by agents of Yuan Shi Kai, head of the government.

Members of the association said the murdered official had remained neutral in China's present troubles.

SCHMIDT RECEIVES SENTENCE TO LIFE IMPRISONMENT

Los Angeles, Calif., Jan. 12.—Mathew A. Schmidt, recently convicted of murder in connection with the dynamiting of the Los Angeles Times building in 1916, was late Wednesday sentenced to life imprisonment in San Quentin penitentiary. Just before hearing sentence, Schmidt read a long typewritten statement denouncing the prosecution in his case and what he termed the "rotten industrial conditions" of the country. He was granted a stay of execution until Jan. 21.

ALLEGED MURDERER PARDONED.

Denver, Colo., Jan. 12.—Russell Boles, sentenced nearly 12 years ago to the state penitentiary, after conviction on the charge of murder of Harold Fridhorn, a 16 year old boy, was unofficially pardoned Wednesday by the state board of pardons. Efforts extending over a period of several years had been made on behalf of Boles. It being alleged that he was "railroaded" to prison.

After leaving college former president Taft was a newspaper reporter at \$6 per week.

A FINE TREATMENT FOR CATARRH

EASY TO MAKE AND COSTS LITTLE

Catarrh is such an insidious disease and has become so prevalent during the past few years that its treatment should be understood by all. Science has fully proved that Catarrh is a constitutional disease and therefore requires a constitutional treatment. Sprays, inhalers, salves and those douches which merely give passing benefit and often drive the disease further down the air passages and into the lungs.

If you have Catarrh or Catarrhal deafness or head-noises, go to your druggist and get one ounce of Parmit (Double strength). Take one home and add to it 1-4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved, take one tablespoonful 4 times a day.

This will often bring quick relief from the distressing head-noises, clogged nostrils should open, breathing become easy and mucus stop dropping into the throat.

This treatment has a slight tonic action which makes it especially effective in cases where the blood has become thin and weak. It is easy to make, tastes pleasant and costs little. Every person who wishes to be free from this distressing disease should give this treatment a trial.—Adv.

Difficult to Keep Your Hair Wavy? Read This

If you have not yet tried the new way, the almerine way, by all means do so. You'll never again use the ruinous heated iron. The curling iron appears as a beautiful material and the hair will be so beautifully lustrous, instead of dried and parched. This liquid almerine cures the hair as a beneficial dressing for the hair. It is neither sticky nor greasy, but quite pleasant to use. It should be applied at night with a clean tooth brush, drawing it later through the hair from root to tip.

The hair will have the loveliest curls and waves imaginable in the morning, and it will be easy to manage, no matter how you do it up. A few ounces of the liquid from your druggist will last a long time.—Advertisement.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. I was told no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no truss, no trouble. I have nothing to tell but will give full information about how I cured my rupture. I have no charge. If you write to me, Eugene M. Maas, Carpenter, 301 B. Marcellus Avenue, Manhattan, N. Y., I will send you this information at once. It is the only way to cure a rupture and it is the best thing to use in zemo for a rupture. It is pure and also inexpensive.

Zemo for Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Delay means no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is zemo, for it is pure and also inexpensive.

Zemo, Cleveland. Adv.

TODAY'S AID TO BEAUTY

An especially fine shampoo for this weather can be easily made at trifling expense by simply dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a stiffness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Advertisement.

BISURATED MAGNESIA

An absolutely harmless antacid in all cases of fermentation and souring and belching of food, gas, indigestion, etc. A teaspoonful in a fourth of a glass of hot water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 50 cents per bottle.—Adv.

EVERYBODY'S

Double "X" Stamps

ALL DAY TOMORROW

Another Remnant Friday

All Odds and Ends, Remnants and Short Pieces of Every Description at Marked Reductions All Day
